

## Porth Harbour-Plan A

SAMPLE ESSAY		NOTES									
INTRO	The diagrams illustrate the transformation of	$\overline{+}$									
INTRO	Porth Harbour from 2000 to the present.	7									
		#									
OVER	Overall, significant changes have occurred to	$\pm$									
VIEW	cater to tourism, while some areas have	$\pm$									
	remained unchanged, maintaining accessibility	+								++	
	for the general public.	7									
		#									
	The most noticeable developments are the	1									
	addition of tourist-oriented amenities, to better	$\pm$									
DETAIL	accommodate visitors. On the southern shore,	4								++	
1	a disused castle has been converted into a	#									
	modern hotel, and turning a public beach into a	$\pm$									
	private beach exclusively for hotel guests. Near	$\pm$									
	the lifeboat station, the area for cafés and	+								++	
	shops has been created, adding more options	7									
	for leisure and shopping. Moreover, the	$\pm$									
	showers and toilets area has been built, to	$\pm$									
	improve convenience for visitors. On the	+								++	
	northern shore, a new dock for passenger	7									
	ferries has been added and the Marina for	$\pm$									
	private yachts has been relocated closer to the	$\pm$									
	hotel, replacing the former fishing boat area.	+								++	
		7									
DETAIL 2	Despite these changes, some areas have	#									
	remained the same. The car parks on the	$\pm$									
	western side continue to serve visitors	+									
	arriving by car, while the large public beach in	4									
	the northeast corner has been preserved for	#									
	general use. These retained features balance	$\pm$									
	the harbour's modernization by maintaining	$\pm$									
	accessibility for non-tourist-specific visitors.	$\perp$									

## Porth Harbour-Plan B

The diagrams illustrate the transformation of Porth Harbour from 2000 to the present.  OVER Overall, significant changes have occurred to cater to tourism, while some areas have remained unchanged, maintaining accessibility for the general public.  On the northern shore, a new dock has been constructed to handle passenger ferries, increasing the capacity for tourist arrivals. The Marina has been relocated to the southern shore, which is closer to the hotel, replacing the previous fishing boat area. Meanwhile, the car parks on the western side continue to serve visitors arriving by car, while the large public beach in the northeast corner has been preserved for general use. These changes improved the accessibility for non-tourist-specific visitors.  The southern shore has also undergone considerable transformation. A disused castle has been converted into a modern		SAMPLE ESSAY	NOTES
